## Complete the Look

Explore the Nike Dri-FIT Rise 365 Men's Short-Sleeve Running  
Top

## Lightweight and Soft

Knit fabric is brushed on both sides for a soft feel. The top's lightweight design drapes over the body, keeping you comfortable with every step.

Optimal Breathability

The top's knit structure forms the iconic Nike chevron at the front, nodding to the look of the Windrunner.

How This Was Made

- The recycled polyester used in Nike products begins as recycled plastic bottles, which are cleaned, shredded into flakes and converted into pellets. From there, the pellets are spun into new, high-quality yarn used in our products, delivering peak performance with a lower impact on the environment.
- In addition to reducing waste, recycled polyester reduces carbon emissions by up to 30% compared to virgin polyester. Nike diverts an average of 1 billion plastic bottles annually from landfills and waterways.
- Learn more about our [Move to Zero](#) journey towards zero carbon and zero waste, including how we're working to design product with sustainability in mind and help protect the future of where we live and play.

**LIGHT, SOFT AND VENTILATED.**

A lightweight favorite returns with more breathability. The Nike 365 Top is made with runner-informed data for cooling in areas where you need it. It has the same soft feel you've come to expect, with design details that nod to the iconic Nike chevron. This product is made with 100% recycled polyester fibers.

**Lightweight and Soft**  
Knit fabric is brushed on both sides for a soft feel. The top's lightweight design drapes over the body, keeping you comfortable with every step.

**Data-Enhanced Design**  
Open-hole knit fabric uses data from hundreds of runners. It's placed in high-heat zones at the front panel to help keep you cool on your run.

**Iconic Design**  
The top's knit structure forms the iconic Nike chevron at the front, nodding to the look of the Windrunner.

**More Benefits**

- Dri-FIT technology helps you stay dry and comfortable.
